**State of your thesis:** Your internal supervisor has not checked your registration form.

After you have submitted your registration form your internal supervisor is going to review it. He/she can approve or decline your registration form. After approving your registration form you will receive your thesis registration number.

You need to make consultation with your internal supervisor as earlier. If your thesis has been finished, your internal supervisor can approve for you the thesis submitting option. You will have an option to upload a single file. After uploading you can not make any modification.
